Japanese Play Ball

Asahi and Maui Japanese
Teams Divide Honors.

The Asahi Japanese baseball team has been on Maui, played three games, winning one, and has returned to Honolulu. The bunch came up on the Claudine last Saturday morning and in the afternoon played the All-Maui Japanese team at Kahului Park.

Many of the players had their first experience with mal de mer on this trip and still felt the motion of the steamer while out in the field. Nevertheless they gave the All-Maui a run for their money. The local nine changed pitchers in the first half of the ninth and thus stopped the visitors from scoring more in that inning. As it was the game finished in favor of the Maui aggregation by a score of 11 to 10.

Sunday morning, at 10 o'clock the same teams met in Well's Park, Wailuku. The fact that the Maui team had to work hard to win Saturday's game was apparent as nearly all the players were sore and limped about. The Asahi boys profited by a night's rest on shore and showed their opponents what they could do when in condition. They played a strong and fast game both in the infield and in the outfield and their base running was excellent. Several squeezes were made by these youngsters with perfection. The Maui bunch played all over themselves and had the ball everywhere but in the right place. At the end of the last inning the score stood in favor of the visitors.

At 3:30 o'clock in the afternoon the Asahi team crossed bats with a team composed of the following youngsters: W. Dutro, c.; L. Fee, p.; W. Smith, 1b.; D. Kama, 2b.; H. Meyers, ss.; T. Hussey, 3b.; J. Oliveira, lt.; W. Bailey, S. Kaleo, rf. The original intention was to have junior players compete with the visitors but the boys could not be found in time for the game, many having gone to spend the day at Iao Valley, and the above lineup was arranged in a hurry.

However, they proved too much for the visitors, who were already fagged out by the morning game. Their pitcher was hardly ever in the game and walked several bats men more than was good for his team. From the start the local players scored at ease and soon began to play a loose game allowing their opponents to score a few runs. The score resulted as follows: Maui 13, Asahi 6.

Mr. C. K. Abe, the manager of the Asahi Baseball Club, came up with his team, and is very much pleased with the reception and treatment accorded his players by the fans of Maui, both Japanese and whites.

Mr. T. Onodera, editor of the Japanese Daily Chronicle, also came with the team and took notes of the games and other matters of interest for his paper.

The team left for Honolulu on Monday evening by the S. S. Mauna Loa and were given a rousing send off by the local Japanese. They proved a very manly bunch and played good clean baseball. Their coaching in English was very good and shows they are not only learning to handle the sphere but are also getting the baseball lingo down pat.

Dr. M. Oyama, who managed the local teams and was the pro-

Death Of Mrs. Keliinui

Dies of Typhoid Fever while
on a Visit.

By wireless word was received Tuesday of the death of Mrs. Emma Keliinui, wife of S. Keliinui of Wailuku.

Mrs. Keliinui has been on a visit to her parents in Kona, Hawaii and was stricken down with typhoid fever in the early part of July. Mr. Keliinui was at once sent for and remained with her during her illness. Some weeks ago her condition was thought to be better and the children were sent home. She is reported to have suffered a relapse and died Monday of this week and was buried in Kona near her former home.

Mrs. Keliinui was a daughter of Judge Yeats of Hawaii and has lived for some twelve or fifteen years on this island.

She leaves a husband and two sons and a daughter to mourn her loss.

Death Calls Another Home

Mrs. L. von Tempsky is No
More.

Mrs. Louis Von Tempsky of Makawao died at her home on Thursday morning after an illness of but a few days. Her death was not expected and came as a great shock to her innumerable friends.

For some time several of the children have been quite ill and it is thought that the care of the children and the consequent anxiety so weakened her that when she was taken ill Sunday she rapidly sank and died shortly before noon on Thursday.

There is probably not within the territory a more affectionate wife or devoted mother than Mrs. Von Tempsky was and that the members of her family are heart broken is but natural.

The expressions of sympathy for the family are universal while the whole community feels the loss of a friend.

Mrs. Von Tempsky leaves a husband three daughters and a son to mourn her loss.

The funeral will take place today at 9:30 a. m. at the Makawao Foreign church.

moter of the meet, wore a very broad smile throughout all the games. He is a true fan and it is to be hoped he will keep up his good work and get his countrymen interested in the American national game to the extent that they will compete in the league games for the Raymond Ranch cup, which was won by the Morning Stars this year. Strengthened in a couple of weak spots the local Japanese would give their opponents a hard tussle.

The young folks of Wailuku gave a farewell dance at the Town Hall last Saturday to Eddie Lyons, eldest son of Supervisor T. B. Lyons, who left on Monday night by the Mauna Loa to attend St. Louis College. Music was furnished by the Lanuana Quintet Club. There was a large attendance of young people who enjoyed the dance until late hour.

S. E. Kaiue Passes Away

Was One of the Most Prom-
inent Hawaiians.

Hon. Samuel Ephraim Kaiue of Wailuku died at his home Wednesday September 1st after a prolonged illness that extended over a period of twenty months.

He was buried in the Wailuku Cemetery the following afternoon after religious services had been rendered at his home and at the Kaahumanu church and at the grave. The funeral services were conducted by Rev. Kaunehiwa, Rev. Dodge and Rev. J. Nua. Hon. J. W. Kahua spoke feelingly of the life and character of the deceased.

S. E. Kaiue was born in Wailuku, Molokai April 1st 1855 and was therefore fifty four years and five months of age on the day of his death.

After attending the public schools of Molokai he went to the Haleakala Boys Boarding school from 1869 to 1874 and was taken into the office of his uncle Aholo who was Secretary to Governor Nahaoleleua where he remained until Governor Baker succeeded Nahaoleleua and then became the secretary which position he held until he was appointed tax assessor and collector for Lahaina. This position he had until the overthrow of the government.

When the first election was held after annexation Mr. Kaiue was elected as a senator from this county.

In 1906 he defeated W. H. Cornwell by a small majority for supervisor but ill health prevented him from much active work during the latter part of his term.

Kaiue at his best was one of the shrewdest politicians in the territory and his mind was a storehouse of facts which he could bring forth at any moment. He did politics all the time and knew better than any one in this county the feeling of the people on matters political.

His wife and aged mother were with him during his last hours.

The meeting was a most successful and harmonious one and Manager Weinheimer saw to it that every one took part and was given an equal opportunity to express himself.

It is said the meeting was the best ever held in Lahaina.

Committees were appointed and were instructed to arrange for a cold luncheon under the banyan tree where the Congressmen will refresh themselves after which they will go to the Guild house where they will listen to Hawaiian music both instrumental and vocal.

PARIS, September 2.—The story of the pole discovery says that Doctor Cook after suffering great hardships reached the pole on April 21st 1908. He made a 700 mile dash with the thermometer 91 degrees below zero. The party consisted originally of the explorer and 10 Eskimaux and 103 dogs. On March the 13th the party reached Herbert island where six of the Eskimaux deserted. With the remaining four Eskimaux and forty six dogs and supplies sufficient for eighty six days Cook pushed onward. Three days later two more Eskimaux deserted and the remainder of the journey was made with only two Eskimaux and twenty six dogs. The monotony of the latter part of the journey was maddening. The influence of the shifting desert of frost became almost unendurable. Dog after dog was killed and eaten by the hungry survivors and on April 21st the party reached latitude 90 degrees North where longitude became a mere word and the American flag was hoisted. No ground was visible. There was an immensity of dazzling snow.

On April 23rd the party started on the return trip. Doctor Cook is now enroute to Copenhagen and is expected on Saturday.
